## MESSAGE FROM TOWN MANAGER:

Spring is in the air, another ski season is drawing to a close, and change is in the air. This time of year folks tend to find some cleanup to do around the house. As you're putting together your own to-do list, we suggest you consider putting fire mitigation work on the docket. Our fire marshals stand ready to help our local property owners develop a great fire mitigation plan that will help keep the community fire-safe while keeping plenty of healthy, beautiful trees on your property. So feel free to give Town Hall a call and we can put you in touch with one of our marshals. Also, a reminder that you do need a permit to remove mature trees from your property, so definitely give us a call if you're planning on clearing or thinning this summer.

Also in the vein of spring cleaning, we will be having our Town cleanup in May. This is a great event to get outside and rub shoulders with your friends and neighbors, and a free meal is nothing to shake a stick at either. We love this event so much that we plan to do it in the spring and fall this year. Dates will be announced on social media and the Town website once they're determined.

Looking ahead – The Brian Head History Committee will be meeting on May 18<sup>th</sup>, 2022 in the Town Hall at 9am. Plans and ideas will be discussed as we move closer to celebrating the 50<sup>th</sup> anniversary of Brian Head town in 2025. Everyone is welcome to participate.
