# TOWN NEWSLETTER

## MESSAGE FROM TOWN MANAGER:

Happy New Year! Brian Head Town is looking forward to an awesome 2022. As the Town continues to grow and change, we welcome all of the new residents, property owners and visitors.

In this time of year we contemplate new beginnings. A Town like Brian Head in many ways stays the same and while in many ways changes, so new beginnings is something of a constant state for us. We appreciate everyone who participated in our public forum in December as that will serve as general guidance for us in this new year. The annual strategic plan is our main tool for navigating these new beginnings and constant state of flux. So we invite the public to stay engaged with us as we go through the process. Watch the Town website and our social media pages, as well as this newsletter for important dates in the strategic planning and budget processes between now and May.

We also anticipate some important meetings coming up with regards to land use and growth. The Town has been working with different land developers on some new subdivisions, including the potential annexation of nearly 1,800 acres of land northeast of Town called Aspen Meadows. We expect to have some significant public hearings about those developments, so watch for those dates to be announced on social media, website, newsletter, etc. If you haven't signed up for our email list, please go to [brianheadtown.utah.gov](http://brianheadtown.utah.gov) and do so, as we will use that email list to more directly inform folks of important information/meetings.
