TOWN NEWSLETTER

MESSAGE FROM THE TOWN:

It's no secret that many of us live, work, own property or visit Brian Head in large part due to the unspoiled natural beauty of the area. The scenic value and aesthetics of Brian Head are something we all treasure. As the Town continues to grow, we want need to be extra careful that we do so in a way strikes a balance between preserving the natural beauty and enabling all of us to enjoy that natural beauty.

For this purpose, the Town Council has been refining local ordinances and polices and dedicating more resources toward initiatives aimed at preserving and enhancing the scenic value of Brian Head. For example, we've added two new Public Works employees this summer who will help our crews to effectively maintain our core Public Works infrastructure and services (water, sewer, roads, and solid waste removal) as well as do a better job of polishing up parks, trails, etc.

I'd like to take this opportunity to congratulate Nick Wallis on his new full-time position in our Public Works Department. We've also hired Brian Johnson to head up our parks and trails maintenance. We're thrilled to have them on our team helping to make Brian Head the beautiful and awesome place we all love.

Thank you to all the people who helped pick up trash in the Annual Town Cleanup on Wednesday, May 25th. It was a very well-attended event this year, and we plan to do another one in the Fall.

ANNOUNCEMENTS:

- June 25, 2022 The Epic Race will challenge women to a 5 mile run/hike covering the Giant Steps side of the mountain. For more info go to the Resort website – brianhead.com/summer-events. See you at the top!
