## TOWN NEWSLETTER

MAY  
2023

### MESSAGE FROM THE TOWN:

May and June are big planning months for the Town. We adopt our annual strategic plan and budget, we plan out our projects for the summer construction season, etc. We are looking forward to finishing up some projects this summer that will continue to polish up the Town and bring more beauty and amenities. These projects include another phase of the paved Town Trail, updated playground equipment and public art (“Brian the Bear”) at Bristlecone Park, and trailhead improvements and an overlook on Manzanita Trail to go along with another loop on that trail.

Beautification has been a major thrust of the current Town Council, and in that spirit we’re scheduling a public forum for June (TBD) to gather input on a potential slate of “Core Beautification” projects. As always, when we’re talking about spending taxpayer dollars on large projects, we want to get a range of opinions on it. So please attend and share your thoughts if you can.
