TOWN NEWSLETTER

MESSAGE FROM THE TOWN:

In this season of transition, it is interesting to reflect the changes we're seeing around town. Construction was the hallmark of summer/fall 2022. Several large private and public projects were under way, and it seemed like everywhere you turn there was a piece of yellow machinery. We appreciate everyone's patience as these projects have progressed. Water lines in Cedar Breaks Mtn Estates, fiber optic lines all over town, the playground being replaced, various condo projects in differing states of progress – these projects involve a fair bit of short-term pain, but in the long-term should lead to a more vibrant Brian Head.

But now the snow is here, and the exodus of yellow equipment came with it. Brian Head Resort set records with its early opening! We congratulate the Resort for an amazing start, and we're all looking forward to an amazing ski season. The town shuttle is scheduled to begin operating Nov 18th, and we encourage all to use it where you can to keep traffic/parking manageable. Our Public Works crews will be out in force clearing snow to keep everybody circulating. We remind everybody to park off the streets (it's the law) so our plows can keep doing their jobs. And we look forward to seeing everybody on the slopes!

ANNOUNCEMENTS –

Employment Opportunities –
