TOWN NEWSLETTER

MESSAGE FROM THE TOWN:

It has been a hectic summer in Brian Head, with a fair bit of construction going on in town and the heavy monsoons. Many have expressed concern over the status of the Hwy 143 in Parowan Canyon, which was shut down a few times this summer due to mudslides across the road. UDOT has a project scoped out to deal with these issues and will be working on that over the winter/spring. Unfortunately, that means delays during construction, but short-term pain for long-term gain.

The Town would also like to welcome back Shaun Kelly to the Town Council. Following Dennis Van Nostran's departure, the Council appointed Shaun to the open position. He has previously served on both the Planning Commission and the Town Council. Shaun does a terrific job of representing his community and helping the Council explore all aspects of any given topic to arrive at the best conclusion for the Town.
